What is Breathwork?

Breathwork is a safe, effective breath-based modality for personal well-being and transformation. It is a simple yet profound psychotherapeutic process which offers something unique and exciting in the field of holistic health.

Breathwork effectively meets societal needs where there is an ever-increasing incidence of stress, depression and other allied health problems.

Breathwork, which includes conscious connected breathing, metaphysical counselling, mindfulness, intention and deep relaxation, allows you to access and resolve a wide range of physical, emotional, mental and spiritual issues.

As you study to become a Breathwork practitioner, a group facilitator and/or trainer you will develop greater self-awareness and self-esteem, learn to facilitate your own transformational journey, and gain valuable life skills enabling you to create the life of your choice.

Breathwork Training

Breathwork training helps you to:

- Enhance your existing life skills and actualise your personal potential
- Increase your existing professional skills in allied health care
- Qualify professionally in the field of Breathwork

Breathwork Trainings personal development program supports you to:

- Increase your level of self awareness and intuitive knowing
- Learn to be present to yourself and others
- Develop listening and support skills that will enhance all your relationships
- Realise optimal emotional, physical, mental and spiritual wellbeing

Professional skills for allied health practitioners

Breathwork compliments and enhances many other modalities, such as:

| | | |
|--------------|-------------------|----------------|
| Massage | Acupuncture | Reiki |
| Kinesiology | NLP | Pranic Healing |
| Herbal | Reichian Bodywork | Healing |
| Medicine | Allopathic | Yoga |
| Naturopathy | Psychotherapy | Sandplay |
| Chiropractic | Osteopathy | Homoeopathy |

Professional recognition in Breathwork

As you study to become a professional Breathwork practitioner you will embark on your own personal healing journey. At the same time, you will develop the professional skills necessary to support others in their own quest for well-being.

Level 1 – Certificate in Breath Awareness is primarily concerned with your own transformational journey and the acquisition of useful and effective life-skills for your personal use.

Level 2 – Certificate in Breathwork Practitioner is a training that focuses on the development of the competencies necessary for professionally consulting with others on a one-to-one basis.

Level 3 – Diploma of Breathwork Group Facilitator, prepares you to work with a larger audience, teaching you skills in group dynamics, communicating with the wider community and group facilitation.

Level 4 – Diploma of Breathwork trainer focuses on the development of skills and competencies in delivering Breathwork practitioner and group facilitator trainings.

These trainings are endorsed by the Australian Breathwork Association.

Assurance of Quality Standards – Endorsement

The courses that Breathwork Trainings offer were formerly Australian government accredited through ASQA, and are currently endorsed by the Australian Breathwork Association. This means that a graduate will be eligible for membership of this professional association.

Enrolment

Suitable applicants need to demonstrate:

- A strong commitment to their own self-development
- Respect and consideration towards others
- Maturity in accepting feedback and handling personal emotional issues
- Willingness to accept guidance

The ability to be physically, emotionally and intellectually capable of conducting Breathwork consultations.

Recognition of Prior Learning

What is it?

RPL recognises what you have already learned from other courses, from life experience, from work experience and from any training provided at work, and measures this against the course you are doing or want to do.

If what you have learned at work or elsewhere is relevant to BT courses, you may not have to do those parts of the course again.

Why apply for RPL?

It is important to apply for RPL if you think you already have experience that might be relevant to your course.

The advantages of applying for RPL

- You can determine whether your experience is similar to that required by the course.
- If you have already achieved some of the learning outcomes of the course, you might not have to do those sections of the course again. This could mean finishing your course much earlier, or not having such a heavy course load.
- RPL means that you only need to study subjects which are new and challenging. You do not have to study in areas where you have already gained skills and knowledge.
- RPL recognises that you are entering a course with already acquired skills; that you are no longer a beginner in your field.

RPL is most relevant to those who have previously done Breathwork trainings that were not endorsed by the Australian Breathwork Association.

How it works - What happens?

If you decide to apply for RPL you will be asked to enrol and pay an application fee. You will be asked to give details of your relevant experience, skills and knowledge.

An RPL assessor will help you identify what evidence you need to provide for a successful application. When you feel you have gathered together sufficient evidence, the RPL assessor will arrange a formal interview with you.

At the interview, the assessor will examine your documented evidence and ask you questions to determine whether you are eligible for recognition of prior learning. After the interview, you will be notified of the RPL decision. If your application is successful, you will not be required to do certain parts of the course program.

If your application is unsuccessful, you can appeal against the decision if you believe it was unfair.

If you think you might be eligible for RPL, you should:

1. Obtain an enrolment form from the BT office.
2. Discuss your situation with the course trainer and/or assessor.
